DETAILED ACTION

Allowable Subject Matter

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 teaches towards a wireless piconet network device comprising a piconet front end, a unique non-IEEE address and a passcode or PIN selection module to allow a user to provide a passcode or PIN associated with at least one other wireless piconet network device within range of said wireless piconet network device, and a unique address retrieval module that uses said passcode or PIN to retrieve a unique address from said at least one other wireless piconet network device.

Claims 7 and 11 teach towards a system and method for obtaining a unique address pairing between separate wireless piconet network devices, comprising singly entering a passcode or PIN into a first wireless piconet network device including a piconet front end, said passcode or PIN being distinct from an IEEE address, and providing to said first wireless piconet network device a unique address of a second wireless piconet network device only if a passcode or PIN in said second wireless piconet network devices matches said single entered passcode or PIN, wherein at least two piconet network devices in a common piconet network are associated with said single entered passcode or PIN.

While the BLUETOOTH standards and the prior art teach a passcode and means to resolve said passcode to a BR_ADDR for an inquiry, it is neither taught nor suggested by the prior art to send a PIN or passcode in a general or limited inquiry for

the purposes of matching said PIN to retrieve the BR_ADDR; the BLUETOOTH standards include means for matching PINs in two devices, but such a pairing or bonding action occurs after an inquiry provides the BR_ADDR to the inquiring device.

Claims 2-6, 8-10 and 12-14 are allowed as being dependent on claims 1, 7 and 11 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
